DGTrials and Advanced Clutch Technologies Continue Marketing Agreement for 2005 Season

Atlanta, G.A. – January 26 – DGTrials announced today that it will continue its marketing agreement with Advanced Clutch Technologies by making ACT the official clutch of DGTrials' 2005 season. Additionally, "Slide or Die" team cars will continue to utilize ACT clutches and XACT flywheels as their running gear.

"We're very excited to be working with ACT again [this year]," commented DGTrials' President/CEO Erik Jacobs. "Many of our staff and supporters already use their products and are all very happy with them."

DGTrials also announced that it is working with ACT to offer contingency prize packages for competitors entering DG events that will be similar to 2004 levels for the 2005 season. As competition dates are determined, details of this contingency program will be announced..

About ACT:

ACT specializes in performance clutches and flywheels for the sport compact, European and U.S. domestic market. Our focus on customer service, quality and performance has made our reputation second to none in the aftermarket performance clutch industry. All of our product lines and applications are thoroughly researched and tested prior to release to insure they perform to our customers expectations. This commitment to excellence has resulted in our product providing racers with world record breaking times and several championship wins. For more information, please visit www.AdvancedClutch.com

About DGTrials:

DGTrials was founded in March 2003 to establish drifting and gymkhana as fun, accessible forms of motorsport that test driver skill and control. DGTrials is committed to safety and education; it strives to bring awareness and participation in drifting and gymkhana to the forefront of American motorsport and will always work to expand the sport while supporting the drivers that make drifting and gymkhana exciting to participate in and watch. For more information, please visit us at www.DGTrials.com.
